Message Validation Report

Date: 11 02 2026, 11:38:35.139-05:00

Testing Tool	Name	Electronic Laboratory Reporting - HL7 V2.5.1 Validation Tool - ONC Certification Testing
	Version	1.9.3

Test Case	Title	Context-Free Validation
	Description	No context specified for this type of validation

Profile	Name	Electronic Laboratory Results
	Organization	NIST
	Type	ORU^R01^ORU_R01
	Profile Version	ELR MU 2015 1.0
	Profile Date	
	HL7 Version	2.5.1

Message Header	Encoding	ER7
	Id	
	File

	Field:	Specimen Received Date/Time	

Validation Alert

Alert Details

1	Type:	Unknown Assertion Type
	Description:	Validation Tool does not support validation of 'PHVS_County_FIPS_6-4'. See the list of excluded tables from the validation context for details.
2	Type:	Unknown Assertion Type
	Description:	Validation Tool does not support validation of 'Postal Code Value Set'. See the list of excluded tables from the validation context for details.
3	Type:	Unknown Assertion Type
	Description:	Validation Tool does not support validation of '0363'. See the list of excluded tables from the validation context for details.
4	Type:	Unknown Assertion Type
	Description:	Validation Tool does not support validation of 'Laboratory Order Value Set'. See the list of excluded tables from the validation context for details.
5	Type:	Unknown Assertion Type
	Description:	Validation Tool does not support validation of 'Laboratory Observation Identifier Value Set'. See the list of excluded tables from the validation context for details.

	Type:	Unknown Assertion Type
6	Description:	Validation Tool does not support validation of 'Laboratory Coded Observation Value Set'. See the list of excluded tables from the validation context for details.
	Type:	Unknown Assertion Type
7	Description:	Validation Tool does not support validation of 'PHVS_ModifierOrQualifier_CDC'. See the list of excluded tables from the validation context for details.
	Type:	Unknown Assertion Type
8	Description:	Validation Tool does not support validation of 'PHVS_Animal_CDC'. See the list of excluded tables from the validation context for details.
	Type:	Unknown Assertion Type
9	Description:	Validation Tool does not support validation of 'Body Site Value Set'. See the list of excluded tables from the validation context for details.
	Type:	Unknown Assertion Type
10	Description:	Validation Tool does not support validation of '0296'. See the list of excluded tables from the validation context for details.
	Type:	Unknown Assertion Type
11	Description:	Validation Tool does not support validation of '0171'. See the list of excluded tables from the validation context for details.
